

Dutch Leaf[®]
CONES

2026

Our Story

Hailing from the Netherlands, **the pioneering nation in cannabis culture**, we've been supplying Dutch coffeeshops since 2001. With our roots and experience dating back as far as the early 80's, we started out as one of the original coffeeshops ourselves! Dutch Leaf Cones emerged out of a necessity for superior products tailored to production needs.

Now we proudly present our no-nonsense, battle-tested cones, which boast **the lowest fallout rate in the industry**, a claim we back up with our extensive warranty and personal after-sales service. Having navigated a lot of the challenges you face today, Dutch Leaf Cones is here to keep your business *rolling... without interruption.*

FULLY CUSTOM/ PRIVATE-LABEL CONES

We specialize in high-quality industry-standard cones rather than offering endless variations. A focused range ensures consistent quality, efficient production, and reliable lead times and pricing. We have also developed Fully Custom / Private-Label programs for selected partners, allowing fully tailored specifications on a case-by-case basis for larger volumes.

We've ^{launched} a new website!

Our new Dutch Leaf Cones website is live. Explore our cone sizes, compliance approach, and how we support professional pre-roll production.
